Date of Approval of Assessment Plan

Date of This Report

List the student learning outcomes upon which you have collected data during the previous semester.

Describe how you have collected the assessment data (tools and processes).

Describe how you have analyzed the data collected.

Describe observations and findings. Have these enabled you to make changes in your program? If so, how are these changes related to the Conceptual Framework that you cited in the Assessment Template?

What student learning outcomes will you target for data collection in the next semester?
